Feiille d'exercios sur la somme de 2 vecteurs.

Exercice 1: Dans chacun des cas suivants, construire le vecteur il + v. (sans sortir du quadrillage)

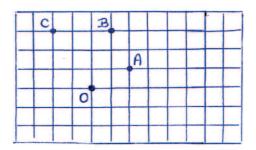

Exercice 2: Dans chacun des cas suivants, construire les points M et N

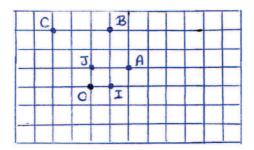

a)
$$\overrightarrow{OM} = \overrightarrow{OA} + \overrightarrow{OB}$$

$$\overrightarrow{ON} = \overrightarrow{BA} + \overrightarrow{BC}$$

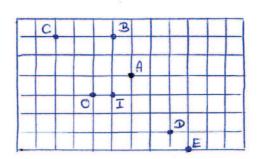

b)
$$\overrightarrow{AM} = \overrightarrow{OA} + \overrightarrow{CB}$$

 $\overrightarrow{AN} = \overrightarrow{IJ} + \overrightarrow{CJ}$

c)
$$\vec{EM} = \vec{OA} + \vec{OB} + \vec{OC}$$

 $\vec{AN} = \vec{AB} + \vec{AI} + \vec{DI}$

b)
